NS FMCSA Regulation Advisories

On June 30th, new regulations from the Federal Motor Carriers Safety Administration (FMCSA) will go into effect for all Intermodal Equipment Providers (IEPs) and operators of intermodal chassis requiring Driver Vehicle Inspection Reports (DVIR) and Driver Vehicle Examination Reports (DVER) to be communicated from motor carriers to IEPs.

Intermodal Equipment Providers

The attached advisory to IEPs includes NS' policy for private equipment providers, and how NS is able to assist with their needs to remain compliant with the new FMCSA regulations taking effect on June 30th.

Please contact your Intermodal Marketing Representative if you have any questions on this important issue.

Motor Carriers operating NS provided chassis

The attached advisory to Motor Carriers, originally published on 12/15/2009, provides Motor Carriers operating NS provided chassis with the information that they will need to comply with the new FMCSA regulations taking effect on June 30th.

Please contact intermodal.maintenance@nscorp.com if you have any questions on this important issue.
